RYNHARD PIETERSEN

SOFTWARE ENGINEER

OBJECTIVE

To continue growing my knowledge around anything programming related. To deliver impactful and impressive code.

EXPERIENCE

JUNIOR SOFTWARE ENGINEER

BB Software Development

(09/2018-03/2021)

- Successfully created and launched multiple support websites that are currently being used by clients all over Africa.
- Worked with Eagle fuel management and her subsidiaries to create and launch fuel management, fleet management and parking management systems respectively.
- Interacted with international APIs to supply customers with real time information on their vehicles and/or sites.

SOFTWARE ENGINEER

Dimagi

(03/2021-present)

- Worked with a team of developers from the USA and India to improve and maintain Dimagis flagship product, CommCare.
- Worked on and expanded knowledge around APIs that support mobile and web based applications.
